Commissioned by the Hollywood Chamber of Commerce, this research initiative will help us collect valuable insights into demographic, behavioral, and attitudinal characteristics of people who live, work and spend time in Hollywood.

As part of The Hollywood Survey, your feedback will guide those making decisions about Hollywood's future. These findings will help users better understand and identify "who" Hollywood is today; "what" drives behavior; and "how" people feel about various aspects of living, working and/or visiting Hollywood. The research findings will be presented at the Chamber's Annual Economic Development Summit on June 21st at the Arclight Theatres and will be made available through various media outlets as well as the chamber's website and social media pages.

We greatly appreciate you taking the time to provide your thoughtful responses to the survey. If you are a property or business owner, apartment manager, or organization chair, please send this to your employees/tenants/members. As a "Thank You," you will be entered in our FREE DRAWING for great prizes and receive a free gift for your participation.
